This evening **W3QD** suggested we move up 2-kc to 7243 because of some torturous QRM on 7240! However, after the move everyone seemed to be able to copy each other even though some QRN got into the act. Bill **W1WH** again asked for prayers for his XYL as she is undergoing some additional medical tests. Larry **W2LJ** told us of this weird story now on the news about some lunatic in Kansas who conducted a "Black Mass" and desecrated a consecrated host. Good news is that things got out of hand and he was arrested by the Police. Tony **K3ZA** commented that he could not understand how some sickos could do such thing. I agree. Marty **KK4RF** told us of their Lenten Reconciliation Service at his Parish in VA. Chris **K3DCR** mentioned a beautiful "Stations of the Cross" at his church and Ned **W2NED** attended a terrific Latin Mass in the Rochester area!
